

IBS BOOTH #W915

COME SEE WHAT'S NEW AT THE INTERNATIONAL BUILDER'S SHOW® 2012!

The booth will be filled with new products you won't want to miss. The SCRAIL® fastener lineup has several new offerings, providing more variety and versatility than ever! For example, you'll see the new SubLoc® Subfloor SCRAIL® fasteners, designed to virtually eliminate squeaks from subfloor applications. They have the SCRAIL® speed advantage you've come to expect, PLUS a special adhesive coating that dramatically improves holding power vs. ring shank nails. You'll also be one of the first to see a special sneak preview of the latest F58 Scrailer tools, including two new coil versions and the ground-breaking F58AC RHN20-90 SCR strip tool with NEW patent pending magazine that supports THREE fastener types! And we top it all off with the new InvisiGuide attachment for the InvisiDeck® tool, allowing you to install I-CLP Clips with SteelThread SCRAIL® fasteners that secure deck boards to steel joists up to 16 gauge and 5/8" width. We have a great show special, PLUS enter to win a new F48 Fasco Roofing Nailer in our IBS Tool Giveaway! See details below.

SUBLOC® Subfloor SCRAIL®

TAKING THE SQUEAK OUT OF SUBFLOORS

Quickly lock subfloors in place without leaving any squeaks behind with SubLoc® SCRAIL® fasteners.

- Special adhesive coating dramatically improves holding power vs. ring shank nails
- Twice as fast as collated screws, eight times faster than bulk screws
- Fine threads easily hold tight, reducing or eliminating squeaks
- Works with most popular nailers

NEW F58 TOOL SNEAK PEAK

COIL NAILERS

F58A CN 15W-70

F58AC CN 15W-80

Patent pending design with good ergonomics and excellent tool balance

Features and Benefits

- Rubber comfort grip ensures non-slip handling and reduces vibrations and fatigue
- High impact engineered plastic magazine with adjustable bottom steel plate
- Body in high strength lightweight magnesium for excellent balance and easy handling

STRIP NAILER

F58AC RHN20-90 SCR

Compatible with 20° Plastic Strip Nails, 20° Plastic Strip SCRAIL® (fine and coarse threads), 20° BeckDeck® double threaded SCRAIL® and 20° Plastic Strip Collated Concrete Pins

Features and Benefits

- Patent pending ergonomic design with excellent tool balance
- Patent pending magazine design with two insertion points and different loading systems
- New, easy jam clearing system: total release of the complete magazine
- Removable lock-out device to prevent dry firing
- Plastic protection against wood chips and splinters
- Includes a patented sequential fire / bump fire (Single Shot / Contact Trip) device, which is the safest in the world

INTRODUCTORY PREVIEW

INVISIGUIDE

Combine the advantages of SteelThread SCRAIL® with the InvisiDeck® Tool using the new InvisiGuide.

Allows hidden deck fastening with steel joists by minimizing the steel stud deflection.

STEELTHREAD SCRAIL® FASTENERS

For applications that involve steel joist fastening applications, fastening wood or gypsum to steel studs.

Unique and patent pending thread design allows protrusions in the steel to make an incredibly secure connection.

ENTER THE GREAT IBS TOOL GIVEAWAY!!

Stop by the booth to be entered to win. Each day, one lucky winner will receive one of our wildly popular, tough and competitively priced F48C CN15W-45 ROOF CT Fasco brand roofing nailers. Ask any associate for details.

Here's a hint: You'll need a Facebook account to enter, so be sure you have one set up before the show. Winners will receive a certificate that can be redeemed for the prize, which will be shipped to them directly (no one wants to put a roofing nailer in their suitcase with baggage charges these days!).
