DESCRIPTION

The carton plier is designed for closing carton boxes. Compared to similar tools the FASCO® design is compact and light weight. Particular attention has been paid to easy handling and productivity. The tool comes with a long, bottom loading magazine, to reduce the loading time. The rubber comfort grip ensures a non-slip handling and reduces vibrations and fatigue. The jaw opening can be adjusted by turning the screw on the top of the tool, from a minimum opening of 19mm to a maximum of 25mm.
